- Fixed Adobe issues in OE-2 and OE-3
- Launched Fall semester
- Instructional software installed in classrooms
- Faculty office moves completed
- Media: All campus day; LS-16 projector; Dentistry Updates; OE3 & OE4 smarter
- CI Solutions functional

Current Priorities

- CI Solutions: missing hours, trainings, CalWorks, Incompletes, and Tutor center
- Web approval system: proposing a centralized approver system
- Publications RFP: received the RFP for our approval on 9/8
- Active Directory/Outlook: starting push this week, goal of completion by Nov 1
- SSC building furniture and media systems: selection and design stages
- Print Telephone
- Budget planning system: ready for presentation
- PE tutorial center and JCCC labs and networks
- Remaining 2008 Tech Refresh machines, including part 2 of the cycle
- Responsible use policy for lab machines
- U3 thumb drives on non-administrator accounts
- OCIntranet replacement
- Library cataloging system upgrade

Remaining Long Term Projects

- **Campus Printer/Copier Program** (Fall 08): centralizing copying/printing
- **Data Backup** (08-09): file replication from machines to server
- **File Sharing Resources** (08-09): for collaboration
- **Luminis** (Fall 08): continued rollout throughout Fall
- **Master Calendar**:
- **New Buildings** (3 years): PAC project beginning
- **Resource Scheduling System** (Spring 09)
- **Safety Project** (Fall 08): blue light phones, cameras, e911,
- **Hardware Security** (08-09): locking down all media and IT hardware
- **Technology Plan** (08-09): in conjunction with district master tech plan
- **Tech Refresh** (08-09): printers, copiers, media rolled into tech refresh
- **Virtualization Project** (08-09): most of our servers will be virtualized
- **Wireless** (08-09): wireless access to the Internet will roll out in Fall
